My thanks to the committee for the invitation giving me the opportunity to handle your cavaliers and for their most generous hospitality, to Brian McInnes for his excellent guided tour around Melbourne and The Dandenongs, awesome how he managed to fit so much into such a short space of time. My steward Ron Smith was second to none in his excellent management of the ring and last but not least the exhibitors who brought their dogs (some a considerable distance) for my opinion and the sporting acceptance of same. To the dogs – first the positive, generally coat presentation was excellent, stunning nose pigment (some were almost too black) and some extremely pretty bitches, now the less than positive - tight leads a number were strung up, terrier like, some so high their feet barely skimmed the ground, yes I know it looks professional and it makes a mark in group rings etc, but a well made cavalier shown on a loose lead covering the ground with ease is a joy to watch and mouths, not only were there quite a number of incorrect bites but also dirty teeth and occasionally in relatively young dogs which were otherwise beautifully presented. I was looking for small, well balanced dogs of good breed type, with softness in head and a true “cavalier” temperament and overall I was suitably impressed. My best in Show is almost a veteran and it was good to see a number of older dogs still looking good and enjoying the party!

Dogs

Minor Puppy

1. Petersen's **Dapsen Destruction Man** - first impression is of a beautifully marked tri oozing personality, just naughty enough. Closer inspection revealed a well made and balanced puppy with pretty head moderate neck and good bone. Looked good on the move from all angles, pristine presentation.
2. Egan & Weeks **Melloway Hot Property** – another impressive baby, 8 months with plushy head and dark pigmentation. Loved the rich chestnut colouring. Compact and balanced body with level topline. Preferred the fuller eye of 1.
3. Schmidt's **Dapsen Make No Mistake** – blen with the prettiest of heads and most gorgeous liquid eye, not as positive on the move as above and not the depth of colour.
4. Struthers' Renaissance Tuscan Storm blen with masculine head, dark eye and good nose pigmentation. Well broken coat of a good colour, gave his handler a hard time.

Puppy

1. Brimarvan Knls' **Brimarven Cool Hand Luke** blen – 10 mnths with masculine head, lovely large, dark round eye and jet nose pigment. Good outline with nicely balanced body and good bone, moved well when settled.
2. Paterson's **Touch O Magic from Droleus (IMP UK)** – richly coloured blen again with super eye and nose pigmentation, though would prefer more

length to foreface. Held a spirit level topline. Very well schooled puppy.

3. Wynn's **Dunsfold Swing Patrol** - tri with good head properties, beautifully presented, but going through the leggy stage at the moment.

Junior

1. Brimarven Knls' **Brimarven Icy Reflection** - blen oozing breed type, yummy head and expression with large, dark, limpid eye, jet pigment, good ear set. Correct for size, short compact body with good angles, well set on tail. Carrying a well broken coat, complete with lozenge. Showed well and moved with precision. My notes say lovely, lovely, lovely, so guess I liked him. Was considered for top honours, but just felt he needs a little more time.
2. Petersen's **Dapsen A Minute to Win It** – another lovely bl, not as forward in head as winner but set with a gorgeous dark eye and jet pigmentation. Liked his size and shape. Well marked rich chestnut coat. Moved and showed well.
3. Petersen's **Dopell Taylor Made** - blen, the youngster of this line up and as yet hasn't the under eye filling and as soft expression as above, but time on his side. Good balance to body, showed well.
4. McInnes **Innesveil Classic Romance** – lovely blen boy and a fabulous colour. Stronger in head than above and with super pigment, moved ok.
5. Morse & Henderson's **Matmor Don Giovanni** - Nice size ruby, liked his head, eye and nose pigment, good ear set, but needs to use them to better advantage. Exuberant personality.

Intermediate

1. Taylor's **Dopell Risky Business** – handsome blen with gentle expression. Loved his size and shape, good neck, level topline and ample bone. Covered ground and showed well.
2. Clegg & Barras' **Ch Coatesville Foreign Affair** - b/t with a gleaming black coat with deep rich tan markings and first rate presentation. Appealing head with dark eye. Enthusiastic attitude.
3. Brooksby & Davies' **Ch Cavashon Make Your Mark** – Masculine headed, well broken blen with superb pigmentation. Correct size, good outline, bone and tail set.
4. Brooksby's **Jadelyn Dirty Dancing (Imp USA)** – blen with appealing head and good pigment. Short and compact body, well ribbed and with good bone, Moved and showed well.
5. Caribelle Knls **Ch Miletree Eclipse (Imp UK)** – lovely blen a size up, who just wasn't in the mood to perform today. Generous head with the most gorgeous eye and gentle

expression, wonderful feathering to ears. Nicely made all through, moved well enough, saddle markings. Took this placing on his overall quality.

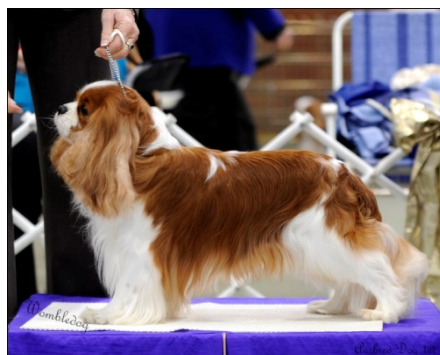

Limit

1. Snow's **Brades Eye Candy** – masculine blen, with attractive head and gentle expression, large eye, good ear set and lozenge. Good reach to neck, balanced angulation, good topline and bone. Liked his outlook. Super rear movement, better at the front when moved on a slightly slacker lead.
2. Petersen's **Dapsen The Jazzman** - Smaller type, with good eye and nose pigment, but not the expression of winner. Again a well made compact body with good outline and positive movement. Deep rich chestnut coat.
3. Daventri Knls **Daventri Night Rider** – pretty headed tri, with dark round eye, well set on ear and pleasing expression. Balanced body with good angulation looked good in profile. Well marked, not quite as accurate on the move as above.
4. Wyness' **Oronsay Hellraiser** - blen with pretty head with soft expression, kindly eye and good ear set though he could use them to better advantage. Liked his size and balance he was well made though out, topped off with good chestnut jacket. Well schooled and handled.
5. Morse & Henderson's **Matmor Duke Ellington** - b/t with lovely head with lustrous eye and gentle expression, deep tan and the best presentation. Another well made and with good outline, really covered the ground but if taken at a slightly slower pace, his movement would be easier to assess and would also probably improve the tail carriage.

Australian Bred

1. Patterson's **Ch Cabrook Flash Dance** - typy blen with dark round eye and soft expressions. Looked a picture going round the ring, right for size, super neck, topline and tailset. Balanced positive movement, good length to his well presented, heavier marked, richly coloured coat, strong contender for top honours.
2. Brooksby's **Gr Ch Cavashon Hallmark** - blen just size up from winner, and though better broken markings hadn't the depth of colour. Stronger in head than above but with flat skull, gorgeous dark eye, soft expression and jet nose pigment. This quality dog has crested neck, good lay of shoulder and level topline, a good mover driving from well let down hocks.
3. McInnes **Ch Lacelee Liaison of Love** – blen, again stronger in head than winner but set with the loveliest eye and good pigmentation. Slightly longer than above and

though moved well enough, not quite the ground covering action. Wonderfully coloured coat was immaculately presented.

4. Gillies **Ch Korgil The Gambling Man** – pretty tri, threw a higher placing on his movement by leaning into and behind handler. Loved the size, balance and presentation, nice eye.
5. Micklem's **Bibianna Brandy N Lime** - ruby a size up, good colour and bone. Moved ok. Nice topline and tail set, balanced body, large eye, could be a shade darker, jet nose.

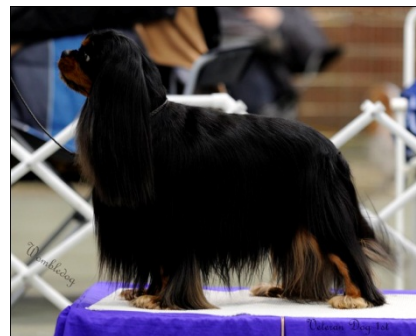

Open

1. Caribelle Knls **Gr Ch Dapsen Make My Day** – a lovely small well marked tri with great ring presence, ample coat and good tan. A classic pretty head but with enough masculinity, flat skull, good ear set, beautiful dark eye, jet pigmentation, plushy muzzle and a soft and gentle expression. He has a well made and balanced body which is reflected in his accurate movement, a lovely reachy neck, level topline, good rib and nice bone. A typical cavalier in looks and temperament and at 6 ½ still showed what a star he is. DCC & Best in Show
2. Brooksby's **Gr Ch Cavashon Monogram** - blen very unlucky to meet above on such good form. A different type, all male and a size up. But a most appealing masculine head of correct head proportions with super dark limpid eye and soft expression. Again very well made and balanced giving good outline. Well presented, deep chestnut coat, moved with precision. RESERVE DOG CC
3. Egan & Weeks' **Gr Ch Melloway Making Waves** – Pretty headed blen with gorgeous dark eye and fabulous well set ears. Well broken markings. Not quite as positive on the move as above and although level whilst in action his topline could fall away when stacked. Look at me attitude.
4. Morris' **Ch Eireannmada Taking Over** – glamorous well marked tri of good breed type with pleasing head shape and nice eye. Good neck, would prefer a little more width to chest. Not the ground covering action of winners.
5. Nichols' **Ch Miletree Royalist** – Blen of good breed type with correct ear set, dark round eye and plushy muzzle. Liked his overall shape, level topline, good bone and well turned stifle. A little careless with tail carriage on the move.

Veteran

1. Morse & Henderson's **Gr Ch Matmor Fairground Attractn** b/t – Vivacious and ultra glamorous b/t beautifully presented with not a hair out of place. Loveliest head of correct proportions, dark round eye and fantastic ears. Good bone. Moved round the ring belying age, just loved his attitude.

Neuter

1. **Daisymont Arctic Gold** – well marked blen of a good size and shape, moving well fore and aft. Pretty typy head, dark eye, good ear set, nice bone and rib. Though fell away slightly towards croup.

Bitches

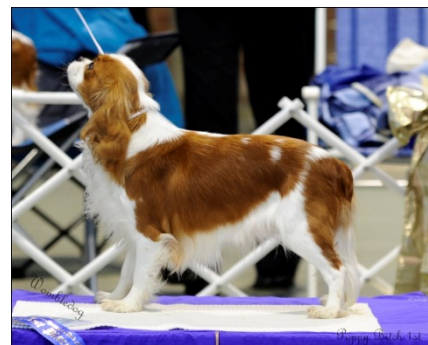

Minor Puppy

1. Petersen's **Dapsen A Blond Moment** – 7 month sweet headed blen, with gorgeous eye. Loved her size and shape, ample bone good neck and topline. Positive on the move.
2. McInnes **Innesveil Northern Delight** – 8 ½ months fabulous lush head with dark liquid eye and jet nose pigment. Liked her balance, tough competition between these two, winner was just more collected on the move. Richly coloured well marked blen.
3. Nichols & Morris' **Dunsfold Soul Sister** - exuberant tri who covered the ground well. Clear cut markings, as yet needs time to fill under eyes, and would prefer brighter tan.
4. Brooksby's **Cavashon You Should be Dancing** – sleepy eyed blen. Liked her outline, still needs to fill out, rich colour.
5. Snow's **Chellton Snowdrop** – paler blen with lovely dark eye and outgoing temperament, as yet she needs time to come together, but this is a minor puppy class.

4. Davenport's **Davenport Mystical Gem** – richly marked blen with lozenge. Nice outline and bone, as yet needs to firm in topline when on the move
5. Conroy's **Mornhaven Song of Joy** – sweet well marked blen with dark eye, jet nose pigment, used ears to advantage, needs to settle, give her time.

Junior

1. Schmidt's **Brades in Vogue** – well marked blen of good breed type. Pretty head of correct proportions, gorgeous dark round eye, jet nose and plushy face. Liked her balance, size, shape, good neck, topline, stifle and tail carriage. Showed so well and never put a foot wrong.
2. Fernleigh's **Davenport Caramel Creme** – pretty tri with gorgeous head, bright tan and clear cut markings. Well boned, good outline, steady mover, just leaned into her handler on the move in the final cut. Thought her quite lovely, with attitude to match, a bit naughty but oh so nice.
3. Caribelle Knl's **Caribelle Viva La Diva** – blen with pretty head, fabulous eye and nose pigment, sweet expression. Not as vivacious as above but a steady mover. Nice in outline, good stifle, as yet needs to body up. Coat of a good colour and sporting a lozenge
4. Morgan's **Caristabell Jaquie M** – pretty blen with correctly shaped head, good ear set, sweet eye that could be just a shade darker. Well coated with nicely broken markings though not the colour depth of above.
5. Lay's **Marcavan Pink Rose** – tri with gentle head, good bone. Very steady on the move but not quite as confident as those higher in the class. Useful bitch.

Intermediate

1. Armstrong's **Dapsen Know it** - A lovely typy unexaggerated blen girl, super shape, size, neck and topline. Gentle expression with the sweetest face, gorgeous eye, natural nose pigmentation. Good bone. Stood four square showing off her attributes with a look at me attitude and I did. Appreciated her steady accurate movement round the ring; with never a foot out of place. Rich chestnut markings to her well broken coat. Just loved her. I understand that the win today gave her, her crown, congratulations.–. BC & Reserve Best in Show.
2. Taylor's **Dopell Tiger Lily** – another sweet blen, with good head, flat skull, well set on ear, dark eye and gentle expression. Nice size I liked her body shape which was short and compact, crested neck and good rib. Well marked coat but not the depth of colour of winner. Lovely ground covering action.

3. Morgan's **Staromah Kara Mia Mi** – richly marked blen, a little heavier in head than above, but with gorgeous dark eye and good expression. Right for size she was a steady mover holding a good outline.
4. Brooksby's **Cavashon Eye Candy** – well broken blen of good colour, but needs more time to finish. Sweet head, good eye and nose pigment. Well made bitch with a good outline, moved and showed well.
5. Petersen's **Ch Dapsen Miss Take It All** – another pretty well made bitch who gave her handler a hard time. Lovely eye, sweet expression. Liked her size and compact outline. Could move well. Nicely marked jacket could be a shade richer.

Limit

Cavalier King Charles Spaniel Club of Victoria Inc 40th Championship Show – 13th June 2011 JUDGE JUNE BARRACLOUGH

Best in Show - Oronsay Hellraiser
Reserve Best in Show & Best Opposite Sex – Brimarvan Icy Reflection

I would like to thank everyone for a wonderful time. Your friendship and hospitality was second to none. I applaud the committee, their friends and helpers for their endless work and support putting on a great 40th Ruby Show. I was really proud to judge it. This was the last day of a really long 4 day weekend and some of the dogs had started to show signs of it and being cooped up in crates. A few had diarrhoea and some others looked tired but never the less they did try their best as always. The dogs all looked very clean and their coats gleamed and well groomed but I got a real shock when I opened a lot of mouths to see horrible, dirty teeth. I don't think I could have been more surprised if I had seen a really bad under or over shot mouth. This bad dental hygiene had caused a lot of missing teeth in younger dogs that should have had a full set of pearly whites. Another downside was trimming. The breed standard says no trimming, so regardless of the reason this should be obeyed. No dog has perfectly shaped ears or feet. Another thing is eye make up. I did notice that some kind of eyeliner had been used. Are they making cosmetics for dogs now? We have a beautiful breed, not perfect because the perfect dog has not yet been born. To try to achieve perfection we do it through breeding and not by artificial means.

I hope you will not interpret my comments as criticisms but more like friendly advice. Good luck to everyone and thank you once again for giving me the opportunity to judge your very special cavaliers.

Limit Dog

1. Wyness' **Oronsay Hellraiser**, and didn't he raise me up when I saw him enter the ring.. This little blen boy floated. I don't think his feet were touching the ground. Heavily marked but what a super coat. His head is masculine but oozes with that quality of gentleness. Large dark eyes that looked like pools, great pigment, just enough cushioning as not to look overdone. Lovely ears to set off the whole beautiful picture. Good arched neck, and great lay of shoulders. When I got my hands into that wonderful coat I found good spring of ribs and a good body. Lovely size and shape. For me today this dog ticked all the boxes. Hope he has a wonderful future. Pleased to award him DCC and BIS.

Open Dog

This class was filled with quality dogs who I am sure will change places over and over again. It is a shame I had to nit-pick between these lovely boys.

1. Egan & Weekes **Ch Melloway Making Waves**. Blen. Immaculate presentation, not a hair out of place. Gentle head with melting expression. Large dark eyes and good pigment framed by enormous ears. Good size and shape, neck and shoulders OK. Level top line and tail throughout. Moved with ease and drive. Easy to see why this dog has done so much winning, but today he had to stay in the background. No doubt on other days he will shine from the front.
2. Nichols' **Ch Miletree Royalist**. This breeder turns out some lovely cavaliers and this one is no exception. Blen, masculine head but not overdone. Lovely expression, good eyes and pigment to go with it. Neck and Shoulders very good. Lovely coat and markings. Moved with plenty of drive. Another one that will shine again on another day.
3. Caribelle Knls **Gr Ch Dapsen Make My Day**. Beautiful tri. Gentle head with that melting expression. Large dark eyes and blackest of pigments. Nicely marked with good tan in the right places. Smaller in size and giving his all today. Movement spot on, could not fault that and combined with his great construction gave a lovely picture today..
4. Brookesby's **Gr Ch Cavashon Monogram**. Another lovely blen. Good strong head with that same gentle expression we look for. Lovely dark eyes and excellent pigment. Good neck and shoulders, nice body shape and size. Construction very good. Moved very well keeping his top line and tail level at all times.
