breed enthusiasts and club members would be much appreciated to assist in the running of our annual events and fundraising activities. Please let us know if you believe you can assist in any way, no amount of time is too small and would be much valued and appreciated.

We look forward to seeing you at one of our upcoming events.

Best wishes, Will.

**“We are keen to hear your ideas as to how we can make improvements in the running of the club,”**

---

The CKCSC of Victoria was established in 1972 and is one of Australia's oldest and most prestigious Cavalier Specialist clubs. I know I speak on behalf of all of us when I express that we see it as a great honour to serve as your committee. We thank you in advance, for your patience in the coming months as we exchange roles with the outgoing committee. We will endeavour to make this as seamless as possible however, we are all human and at times may make mistakes.

We are keen to hear your ideas as to how we can make improvements in the running of the club, our calendar of events, fund raising endeavours and to look at other ways of promoting our beloved breed. Please contact myself and/or email your ideas to Vivienne McLaughlin at [cavsecretary@cavalierclubvictoria.com](mailto:cavsecretary@cavalierclubvictoria.com) where your suggestions will be forwarded on to the committee for further discussion at meetings.

We are a small committee of volunteers who each lead busy personal lives, we are only able to achieve so much as a group, therefore any additional support from

## Secretary's Message

Hallo to all members,

I thank the previous committee for all their hard work with the Club over the last years.

Being on committee is Voluntary, it isn't fulltime "work", it should be an enjoyable voluntary job, doing your best for the best of the club....it isn't a corporate business, it is a not for profit club for a breed of dog we all love and an interest we all share along with all of our individual views and emotions.

I believe a committee is about leadership not ownership and would like to see the club being owned by the members and the members being a visible part of the club's running.....naturally we all have time restraints, a work life....other commitments in life, other interests and other lives.....thus many hands make light work and there are many skills and abilities in the membership, sometimes hidden that are valuable to the club. Please feel free and comfortable in volunteering to help or make suggestions, some will work, some will not, some may take time to work but all are valuable in contributing to the health of the club and consequently the breed we are all passionate about.

It was lovely to see a number of members, most non-show or new exhibitors, plus non exhibited dogs, come to the Royal espe-

cially to man the breed both on CKCS judging day. It is often very difficult for exhibitors to be able to undertake this commitment if they are on their own at the show with or have more than 1 dog to show as you cannot leave your dogs benched on their own at the Royal.

**Thank you** very much to all those volunteers involved in the Breed stand.

We also have 2 Performance Trails coming up in the next 6 months and we have enthusiastic volunteers managing these events.

We also have club members and friends with other breeds as well as non-exhibitors who happily come along to a variety of our events and help out on the day.....a very big thank you to you all and we look forward to your continued support.

Enjoy your Cavaliers

Vivienne

CKCSC of Victoria 45<sup>th</sup> Championship Show

Sunday 7<sup>th</sup> June

### Show Report

I would like to thank this CKCSC of Victoria for your hospitality and friendliness. Thank you too for allowing me to judge a quality entry of dogs in which I had the luxury of choice. I hope it was obvious that I was looking for a well-balanced Cavalier, ideally within the weight limit, who held a good top-line and tail carriage on the move; of course had a typical head, without exaggeration, and the beautiful large dark eye which is the trademark of the breed.

Although I have only blenheims at present, I was delighted to award BIS to a Black and Tan, a colour close to my heart!

It was also a pleasure to judge so many quality baby puppies – it was a fascinating experience. Decisions, particularly in the baby bitches, were very close and I hope that they fulfil their potential in the future.

#### Baby Puppy Dog

1 Taylor's Kasadecav Arkham Knight, soundly moving compact, short-coupled blen of 5 months. Well-balanced with good angulation. Lovely head, correct ear set, large dark and der expression.

2 Petersen's Dapsen Its Just Not Cricket, blen, 4 months, quality puppy, good neck and shoulders and angulation, not quite balanced at present. Similar in head to 1 and same comments apply.

3 Wynns' Jenawyn Wildfire, 5 months baby of nice type. A wee bit shallower in body, sweet head, dark eyes which need to grow but should have plenty of time.

4 Heydens' Davenport Hot To Trot, well-marked out going tri, 4 months, pleasing head and inquisitive expression, a bit unsettled and not as positive behind.

5 Davenport Kennels' Davenport Hot August Night, 4 months tri, dear little chap, deep in body, good front. Good head and kind eye.

#### Baby Puppy Bitch

1 Petersen's Dapsen Wrecking Ball, showy blen of 5 months, a real baby, when relaxed presented good outlines standing and on the move, scored in neck and shoulder placement and short coupled. Pretty head, excellent large dark eye with sweetly endearing expression.

2 Kleinitz's Blacktree Touch Of The Devil, blen rising 6 months, nice type with good construction, deep and well-bodied, moved well. A kind face with dark eye and gentle expression.

3 Davenport Kennels' Davenport Hot Summer Night, well-marked baby tri, 4 months, such a beautiful head, large eye and very sweet expression. Went well but needs to strengthen behind.

4 McInnes's Innesveil Love Spell, blen, another 4 months baby; notes say very naughty! Good head with correct ear set, dark eye and good pigment. Correct in make and shape.

5 Kleinitz's Blacktree Touched By An Angel, blen almost 6 months, similar comments apply as to her sister, well-bodied and good shape. Just lost out on size of eye.

#### Minor Puppy Dog

1 Rogers's Chevalove Classic Treasure, 8 months blen, showed very well, kept a good outline on the move, crested neck, good shoulders, correct angles. Well-proportioned in head with dark eye and kind expression. Hope he doesn't grow any more.

2 Munro's Chevalove Nobel By Design, blen, brother of the above. Cast in smaller mould, excellent make and shape, moved soundly with ruler straight top line. Dark eye with very winsome expression. Immature in head at present but has plenty of potential.

---

**" It was also a  
pleasure to judge  
so many quality  
baby puppies "**

---

3 Egan & Weekes's Melloway Extravaganza, 7 months tri with rich tan. Made of good proportions but immature in body at the moment. Pretty head and gentle expression.

#### **Puppy Dog**

1 Petersen's Dapsen Bringing Sexy Back, blen, rising 1 year, so sound and consequently lovely on the move. Beautifully balanced, good top-line and tail set, very confident boy. Attractive head of right maturity for age, good pigment, dark eye and gentle expression.

2 Kelly's Clarelly Paint It Black, B/T with very attractive head, good ear set, tapered muzzle, large eye and lovely expression. Good front assembly, needs coat to balance behind.

#### **Junior Dog**

1 Morse & Henderson's Ch Matmor Scandalous Affair, 14 months ruby in excellent coat and condition. Attractive masculine head, excellent pigment, good eye and kind expression. Notes say pleasing to look at; balanced shape standing, crested neck, well-bodied, decent quarters. Moved correctly.

2 McInnes's Rivarose Cockney Classic, 16 months blen from smaller mould, more my size, good shape, shoulders, top-line and tail set. Preferred head of 1.

3 Munro's Chevalove Majik Moment, tri of almost 18 months, good shape and went well. In proportion but could do with better muscling in quarters. Correct head but not quite as forward, lovely honest expression.

4 Petersen's Dapsen Reid All About It, blen almost 17 months, built on lighter lines, decent shape, will have more substance when in coat, well-filled in head, good pigment and dear expression. Very waggy!

5 Hockings' Dapsen I Want It All, 12 months blen with good silky coat, nice head, gentle face and expression. Would like more reach of neck. Needs time to mature.

#### **Intermediate Dog**

1 Petersen's Ch Dapsen Mr Jive, well-marked blen with silky coat, liked his balance and self-assurance; pleasing overall with nice bone and moved well. Good head, well-filled but not overdone really lovely eye and sweet expression.

2 Paterson's Ch Kahleyvale Morse Code, tri in good coat, short-coupled, good bone, pleasing shape, scored in front assembly. Lovely head and expression. Grew on me the more he went. Close up to 1.

3 Micklem's Caribelle Border Raider, blen with good head type, gentle and appealing, good eye and expression. Out of coat but presenting a balanced picture.

4 Kleinitz's Blacktree forever A Rebel, well-bodied blen of good shape. Would like a little more length in muzzle for better balanced head, nevertheless a good dark and expression. Moved soundly.

5 Wyness's Ch Wenaweve Time Warp, tri with lovely shiny coat, sweet head, tapered muzzle and attentive expression. On the rangy side and needing to firm up in quarters.

#### **Limit Dog**

1 Paterson's Carbrook Wizard Of Oz, dear little blen, blanket markings of good rich chestnut. Rea toy spaniel all in a package. Good length of neck and well-laid shoulder attractive head and appealing gentle expression. Moved out soundly.

2 Gillies's Korgil Admiral Of The Fleet, well-broken blen not quite in his best clothes, pleasing head, good ear set, liked his face and expression. Neat shape and moved well but not quite top-line of 1.

3 Kleinitz's Eireannmada Moon Walk, blen, larger type, won this placing on shape and soundness. Too strong in head for me but still of correct proportions with soft expressive eyes.

4 Kruger's Davenport Night Rider, tri more my size, well-angulated, compact body, moved steadily. Nice head with mischievous expression.

---

"I was delighted to award BIS to a Black and Tan, a colour close to my heart!"

---

5 Hocking's' Caribelle It Had To Be Me, blen with attractive head, well-broken coat, built on rangier lines and not quite the substance of the others in this class.

#### **Australian Bred Dog**

1 McInnes's Ch Innesveil Classic Lover, lightly marked blen, everything there in a neat package; a lovely well-balanced out-line which was kept on the move, showing excellent top-line and tail set. Strong quarters; moved with drive. Head just right, attractive but masculine, correct ear set, large dark lustrous eye giving soft melting expression. Cheerful, out-going demeanour. Challenge Dog. RBIS

2 Egan & Weekes's Ch Melloway Totally Addictive, another blen of good make and shape, stood fore square with similar attributes to 1, perhaps not the length of neck. Correct in head, lovely face and large, dark eye.

3 Munro's Chevalove Keeper Of The Keys, well-broken blen of rich chestnut, made in same mould as the above, lovely shape and moved well. With more coat behind, will be correctly balanced. Appealing head and sweet expression.

4 Peterson's Ch Dapsen Destruction Man, very nice tri, excellent clarity of marking, good head type, large dark eye and sweet expression. Generally pleasing shape but not quite the tail set.

5 McLaughlin's Sup Ch The Winning Look, well-broken blen, quality dog with pleasing out-line, well off for bone. Very correct in head but too strong for me. Good dark eye and kind expression.

#### **Open Dog**

1 Hunter & Martin's Ch Spennithorne Dream Thyme, profusely coated glamorous tri, beautifully presented, lovely head with no exaggeration, large, gentle, expressive eye. Clean out-line, Good length of neck into well-laid shoulders, level top-line, balanced behind. Moved out with style. Reserve Challenge Dog.

2 Paterson's Ch Cobbets Cockney Rebel, blen, another typical toy Cavalier, loved his head, again pretty but masculine, good ear set, large, dark eye and sweet expression. Looked good standing but, disappointingly, did not get himself together on the move today to show off his attributes.

3 Caribelle Kennels' Ch Miletree Eclipse, very sound blen of good colour, moved well. Correct head which was complemented when he used his ears, good dark eye.

4 Kleinitz's Blacktree Maverick, lightly marked blen, longer cast and not so firm in top-line. Correctly proportioned head with good ear set and gentle face.

5 Munros' NZ Ch Ch Chevalove Foreign Affaire, blen with a dear head and large, dark eye; nice shape but would like a little more length of leg.

#### **Veteran Dog**

1 Silvester's Ch Marcavan Ryderotha Storm, 9 year old tri, not a single grey hair and in excellent condition, lovely head and very gentle expression; well-made with good balance, good neck and shoulders and straight front. A worthy winner.

#### **Minor Puppy Bitch**

1 Munro's Chevalove Chandon, extremely well-balanced 8 months blen baby, well-marked, moved accurately with verve and confidence; baby in head at present, but pretty and feminine with large dark eye and meltingly gentle expression.

2 Ingpen's Woodhay Cosette, another appealing blen baby of 7 months, head coming nicely, dear face, good dark eye, kind expression, well-bodied, rich chestnut, decent shape and moved well enough for age.

3 Caribelle Kennels' Caribelle Downtown Girl, 6 months, carried a good outline on the move with good neck and shoulder, well tucked under front and correct angulation behind; good ear set, good pigment and sweet expression.

4 Caribelle Kennels Uptown Girl, sister of 3, blen, stronger in head, good eye and expression, well-bodied and deep, has time to strengthen behind.

5 Kleinitz's Suebeau Rebel Queen, 8 months lightly marked blen, nice type with attractive head and expression but not quite balanced at the moment.

#### **Puppy Bitch**

1 Gillies's Korgil Kiss In Eden, a little minx! 10 months blen, dug her heels in at first but luckily changed her mind. Built on elegant lines, good front and back assembly giving flowing outline; very balanced pretty head, filling just right for age, ears which framed her face, endearing expression with dark appealing eye and good pigment. Eventually moved out well. Best Overall Puppy In Show.

2 Taylor's Kasadecav Rogue Legacy, blen of 12 months, notes say another good one; built similarly to 1, correct, pretty head, filling giving soft, feminine look, large, dark soulful eye giving gentle expression. Moved well. Just preferred tail carriage of 1 today.

3 Silvester's Marcavan Ryde Like The Wind, attractive 9 months tri, dear little soul, mature in body and well-balanced, moved well but needs to settle in top-line. Pretty feminine head with really lovely expression.

4 McLaughlin's Kqrac Tell It Like Is, well-marked blen, 10 months, classy with plenty of coat, well made but had tendency to sag in top-line, will firm up I'm sure; decent head type with nice eye and expression.

5 Clegg's Coatesville Veritable Vixen, liked this 9 months ruby, had nothing to hide, nice outline, moved pretty well; dear face and gentle expression. Just needs clothes and body!

#### **Junior Bitch**

1 Wynn's Ch Edenridge Sweet But Sassy, aptly named ruby rising 18 months, typical Cavalier, very waggy and full of personality; lovely balance of muzzle to skull, very feminine, good large eye and pretty expression, excellent pigment. Mature in body and cobby, moved well holding a good shape.

2 Paterson's Carbrook Cockney Affair, 17 months tri, also liked this one very much, smaller in type and although not so mature, still very appealing; pretty in head and ears that frame her face to advantage, soft expression; well-constructed and moved well.

3 Gray's Lacelee First Kiss, richly coloured blen, almost 17 months, showed off an excellent shapes and therefore well-made, positive mover with good depth of chest and correct bone, kind expression; could have more filling under the eye for me, nonetheless deserving of her place.

4 Arthur's Suebeau Royal Wonder, 16 months blen in good coat, head similar to 1&2, good dark eye and expression, A little longer cast and decent shape when settled.

5 Munro's' Innesveil Classic Intervention, extremely naughty blen who, when she decided to stand correctly, showed a pleasing head, good neck and shoulder and short-coupling; altogether well-made but reluctant to show it off! Erratic in movement and needs to settle.

#### **Intermediate Bitch**

1 Morse & Henderson's Ch Matmor Secret Society, B/T- what a picture! Oozed quality from tip of nose to end of tail. Glorious head of ideal proportion, huge round eye and gorgeous expression, ears neatly framing her face; excellent clear-cut outline reflecting her good construction and did not disappoint on closer inspection. 4 Martins' Ch Karhisar Heaven Sent, blen built on racier lines, well presented with elegant outline, sweet face, scored on expression. Would have benefitted from moving at a slower pace.

5 Heydens' Ch Parov Petite Fleur, blen of heftier type, moved out well maintaining a good shape, slightly plainer in head but good dark eye and gentle expression.

#### **Limit Bitch**

1 Petersen's Dapsen Glitters In Champagne, blen, left her party clothes at home but couldn't deny this placing; correct construction, clean outline, bone right for size, well-filled muzzle, dark eye and kind expression.

2 Smith's Jessicav Australia's Got Talent, solidly built blen with pretty head, good ear set and pigment, solidly built would like to have seen more reach of neck.

3 Cooks' Ayrhaven Miffy, blen, not very confident, but when she showed herself off she was a cobby little bitch, moved well, pleasing in head, good pigment and large dark eye.

4 Davison's Perlea Nina Simone, B/T, very appealing head with correct ear set and sweet expression, good shape when standing but tended to lose her shape on the move.

**Open Bitch**

- 1 Gray's Ch Innesveil First Love, top quality blen of excellent type, most attractive head, well-filled but soft and feminine, large, dark eye with a true Cavalier expression, lustrous and gentle; well made all through and moved well all ways with no exaggeration-notes say no flouncing. A beautifully balanced girl in top form. Reserve Bitch Challenge. I see half sister to DC.
- 2 Paterson's Ch That's My Prefect Angel From Droleus, well-marked tri with silky coat, lovely head, good ear set and gentle, appealing expression, short-coupled with clean outline but not always settled when standing.

- 4 Peterson's Sup Ch Dapsen A Blonde Moment, blen who gave a good account of herself, good shape in slightly larger mould, broad skull, well-feathered ears and large eye.
- 5 Sterrett's Ch Ertae Nebrasken Pennie, bouncy blen, shape like above but longer cast, good head type, large eye.

**Veteran Bitch**

- 1 Hollingsworth's ElfkingPantomine, 8 year old little blen, very pretty in head, broad skull and well-feathered ears, excellent large eye and dear expression. Lovely size and short-coupled, would have moved better if she was carrying less weight.
- 2 Creek's Ch Lakeisha Moonlite Magic, nearly 8 and a half years old, larger in type, good outline, a dear veteran but not quite the head for me.

**Neuter Dog**

- 1 Trembath's Ch Dapsen The Jazz Man, well-broken blen, nice type with good lay of shoulder and good quarters, kind, honest face; really enjoying himself.
- 2 Windlow's Daventi Midnight Dash CD Raez Et, tri, also well-broken, good outline, not so positive on the move, attractive in head.

**Neuter Bitch**

- 1 Smith's Ch Neuter Ch Jessicav Wish Upona Star, really taken with this lovely tri, excellent coat quality, really shiny, very pretty head of correct proportions, large eye with attractively enquiring expression, neat cobby and well-balanced, moved like one much younger than her 9 years; a credit to the breed.
- 2 Daventri Kennels' Ch Daventri Night Whispers, 12 years tri, profuse well kept coat, showed herself off well, up to size but a good sort; good outline keeping a firm top-line.
- 3 McLaughlin and Browne's Ch Neuter Ch Eireannmada Distant Angel, nicely presented blen, with gentle face, not using her ears, similar shape to 2 but not so firm in top-line.
- 4 Van Geyzel's Ch Brimarvan Vision In Velvet, well-marked blen, honest type of bitch lacking in coat today, nice head and eye, wagging all the time.

A Happy rescue story...

Email received by the Cavalier Club Rescue Officer.

Hi Greg

Just thought I'd let you know that We did manage to find a suitable home for our cav Casey, very happy the way it has turned out.

Thanks for passing on the details that enabled me to find a new home for her.

Regards

A

Email from new owners to A.

Dear A

Casey is such a gorgeous gentle girl.. fabulous in the car and happy to explore the new surroundings.

ate all her dinner and was very polite to let Pete eat his in his usual leisurely fashion.

Lovely walks on the lead and a free run down the park that is very safe. I practiced calling her and she was very obedient.

I tried to take a photo this morning of the 2 pups on the pillows sound asleep but as soon I got up she followed me.

Thank heavens Casey doesn't snore. settles down and snuggles right in.

so thank you very much for such a wonderful girl.

I promise to love her and give her the special care she deserves.

I'll keep in touch.

Linda Pete Casey and Sweetie

## WHAT A DIFFERENCE A YEAR MAKES ...

It has now been 12 months since my darling little Soldier lost his eye, and what a journey it has been. I still vividly remember the veterinary ophthalmologist's words "the kindest thing you could do would be to remove his eye". My world fell apart that day.

However, Soldier, in true Soldier fashion, amazed me, and continues to amaze me. Right from when he had slept off the methadone and cleared our 50cm high dog barrier with room to spare and a cheeky glint in his remaining eye, he has shown me repeatedly that the loss of his eye has not slowed him down in the slightest.

Since that fateful day, Soldier has shown the beauty of the way that dogs exist in the moment. He just got up and got on with his life. It was me that had to do more adjusting than him.

Soldier is, by nature, more reserved than most Cavaliers. However, his confidence has grown in leaps and bounds since his eye was removed. He is actually *more* confident than he was when he had two eyes!

Over the last four months or so, I have watched Solly blossom. Obedience exercises that he had previously found extremely challenging all of a sudden became achievable for him. His focus and attention towards me has really switched on. And he is willingly offering behaviours left, right, and centre. He has become a dog that actively wants to engage and work.

---

**"12 months  
since my darling  
little Soldier lost  
his eye, and what  
a journey it has  
been."**

---

There have also been some interesting lessons to learn. Solly will thank me for saying this, but he is now, in essence, a big dog in a little dog's body. After a recent Rally-O trial, it was identified that Soldier needs a little bit of extra space between him and any physical objects on the course (signs, witches hats, etc) – if he touches something that he physically cannot see, it startles him. I now have to learn how to handle my "big dog", so as not to disadvantage him in the ring – an interesting learning curve!

Based on his recent improvements, Soldier entered the Obedience trial ring for the first time in July, where I was thrilled with how he worked. It was a wet, miserable day, so the idea of doing a 2 minute Down-Stay was too much for my little Toy dog. However, he scored highly in his Stand For Exam, which meant more to me than any pass cards, and he tried his absolute hardest to work well in trying circumstances. I couldn't ask for anything more.

I have also started taking Soldier to Agility classes, which he is loving. The various pieces of equipment are like giant toys to him, and he tackles everything with great gusto. His increased focus means that I can run him over a course successfully, knowing that he will listen to me and pay attention to what's coming up next. So when it transpired that there was an Agility trial on the anniversary of Soldier's eye being removed, I knew exactly how I was going to mark the occasion.

I entered Soldier in two Jumping classes at the Agility trial; my sole purpose was to give him a grand day out doing something fun. I took him into the Jumping ring for the first time, with absolutely zero expectations, and to my surprise and delight, the little tyke flew around the course very capably, and came away with his very first Jumping pass, and a second placing to boot! Going up to receive our pass card and sash at presentations was an emotional moment for me.

My darling little pirate puppy, who has been through so much, has moved mountains. I

am filled with pride over what he has conquered in the past year, and especially his achievements over the past few months.

Thank you, Solly Bear, for making me smile every single day. I love you to bits – just as you are.

## Obedience Tips and Tricks

By Penny Windlow

Love, patience, kindness, and patience are the four key elements when training your dog. Yes, I've deliberately mentioned patience twice because there will come a time when, like children, your dog will sorely test your patience, and you will a) contemplate giving up, b) question your sanity, or c) consider the merits of swapping your dog for a goldfish (or a combination of all three!). With a little patience, you can work through these moments, and not only will you come out succeeding, you will experience firsthand the benefits of patience – a transferable attribute in life! I've always said that dogs are the best teachers, and learning patience is one of the best lessons they've ever taught me.

## News from the Breed Stand Royal Melbourne Show 2015

By Linda Hocking

Tuesday 22nd September 2015 was Cavalier King Charles Spaniel Day at the Royal Melbourne Show. The RASV invites the breed clubs to showcase their dogs by setting up a breed stall – and we again took advantage of this. I was asked to co ordinate the volunteers and set up on the day. My thanks must go to Joy McInnes for bringing in the displays and information material & and taking it home again to store until next year.

To these members, the Club is indebted to you -

Jane Egan without Cavalier but who is a good non-Cavalier owner of our Club. Thank you Jane for setting up the stall & volunteering for next year already

Andrew Twiddy with Rabbit

Liz Tacey-Taylor with Clover

Sam Cole-Surjan with Winter

Clare Rogers with Henry

Linda Hocking with Paul Nichols' Bronte

Connor (the Cavalier) who helped me for one session

As always we had many, many visits to our stall from the public. Some had travelled several hours to talk to breeders about purchasing or at the very least, being considered for a wait list for their first, second or third Cavalier. This was to prove tricky this year as Cavaliers were benched in a public no-go zone. Apparently there is a roster system from year to year but we were not to know this until we arrived. A long and tiring day but an immensely satisfying one as we heard lots of wonderful Cavalier stories from loving Cavalier owners.
