

## Critiques

Coming to Australia after a long flight and nearly no sleep my judging started early in the morning.

I was very impressed to see so many nice dogs, perfectly groomed and excellently handled by their exhibitors. Great ring. Discipline of ring stewards, exhibitors and dogs that made the judging go smoothly. My first two classes were baby boys and girls. Many promising pups who already were trained like show-stars. I saw a lot of dogs with super topline and lovely arched neck what gives a great profile-movement when using themselves. A lot of great back ends, croups and balance in body. In the parti-colour you have to watch the tail-carriage as there were too many with gay tails. The opposite I have to say in the whole-colours.

Excellent, there was nearly no wholecolour with a gay or (round) tail in the ring. Good job you did over there. Tails were correctly set and carried in the length of the back.

I have to say a good average in these dogs will please allrounders and breed specialists and that is hardly to achieve.

Last but not least I would like to thank the committe for a great weekend and great hospitaliy. I really enjoyed Australia and I met many lovely persons. THANK YOU!
